2022-2023 SEASON

Dear Friends,

I am delighted to welcome you to the 2022–2023 Brockton Symphony Season. This year serves to provide marvelous musical offerings and community connection.

I write to you to ask for your support – your donation will fund our music director search and welcome new members into our musical community (audience members, orchestra musicians, and community partners alike!). I invite you to read below about our 2022–2023 season and new matching grant opportunity that doubles your support!

This year, the Symphony will continue to expand its scope and focus on community engagement and education, increased accessibility, and the presentation of live, classical music in the greater Brockton area. Alongside four orchestra concerts, the BrSO will continue to offer free chamber music with the Brockton Public Library and Fuller Craft Museum, educational engagements with local partners, and the Symphony's Youth Concerto Competition. All tickets are free to students and children, and senior and group ticket pricings are available as well. The Symphony serves the greater Brockton community with a commitment to diversity in our programming, musicians, board, and audience.

We are grateful to you and to the greater Brockton community for sustaining the Symphony's vitality during the pandemic. In order to offer our full season this year, the Symphony is happy to announce the **Mark Finklestein Matching Grant**, which will match increased historical donations up to a total of \$10,000. If you have not donated in the past year, your full donation will be matched. If you donated last season, any amount above your previous donation will be doubled. Make your donation today, and support the Symphony two-fold!
